

YEAR 4 – ADDITION AND SUBTRACTION 3

We can use our understanding of number bonds to 10 find missing numbers...

	Th	H	T	O
	3	5	4	1
+	4	1	0	2
	7	6	4	3

Here the digit in the total is **smaller** than one of its parts. This means there has been an exchange...

	Th	H	T	O
	6	3	2	8
+	2	9	5	1
	9	2	7	9
	1			

Remember to add the one that has been exchanged

VOCABULARY

- add
- total
- digit
- exchange
- column
- ones
- tens
- hundreds
- thousands

$4246 + 2315 = 6561$ (exchange 10 ones for 1 ten)

	Th	H	T	O
	3	1	3	2
+	3	8	9	6
	7	0	2	8
	1	1		

Sometimes there is more than one exchange
